Annual General Membership Meeting Feb. 8, 2006 NYC

Held this year at the vintage rock 'n' roll Skyline Studios ,

Composers, staff and business partners of some of AMP's 100+ member companies gathered to ratify the new Board of Directors, New York. Highlights of Association activities were recounted, new members welcomed, plans for future events and projects discussed. Don Jasko, Digital Economics, read a report from the West Board of Directors. In addition to familiar faces, a substantial turn-out of new members were on hand to hear from current officers, Matt Miller of AICP, and an impromptu closing message from the first president of AMP, Lyle Greenfield.

The evening's guest speakers were Ramsay Adams, David Hnatiuk and David Weiss, authors of that best selling book, *Music Supervision: The Complete Guide to Selecting Music for Movies, TV, Games and New Media*. Their presentation shed light on the process of music supervisors as well as pointers on gaining access to them and their projects - TV and film, video games, and new media.
